

BELLEVILLE MENNONITE SCHOOL FINANCIAL AID APPLICATION

BMS Scholarships are given by the school through funds that are contributed specifically for this purpose and from the earnings of the Scholarship Endowment Fund, the Russell & Kathryn Johnson Scholarship Endowment Fund and the Tuition Support Fund. The endowment funds were established with moneys contributed specifically for scholarship endowment. Their intent is to make it possible for families to send their children to this school who would otherwise find the cost prohibitive.

The financial information requested in this application is considered confidential and will be reviewed by the Business Manager of the school. The amount of aid awarded each family will be determined by the needs of the family and by the funds available each year.

These scholarships are not considered to be loans and there is no obligation for repayment. However, if at some future time recipients are able to return similar contributions back to the Scholarship Endowment Fund or the Tuition Support Fund, they are encouraged to do so. This will make it possible for us to continue to assist other persons who have need.
